Introduction

Framework documents form an essential part of the foundation of the relationship between a public body and a sponsor team. They define at a high level what function the public body fulfills and the roles and responsibilities of the key individuals involved in running, sponsoring, and overseeing the activities of the body. Framework documents are, as a minimum, published on the website of the public body.

This framework document was jointly written and approved by the Security Industry Authority (SIA) and the Home Office. It has been shared with the devolved administrations in Scotland and Northern Ireland who have had the opportunity to comment.

Approval within the Home Office is undertaken by the Permanent Secretary, as Principal Accounting Officer. It describes the high level parameters that define how the two organisations will work together. This document remains in place until a new framework replaces it. It must be reviewed annually and, where appropriate, revised. An earlier review will be triggered by any one of the following events:

- The appointment of a new Chair or Chief Executive
- A change of senior policy sponsor (usually Director level) in the Home Office
- A significant change in government policy relating to the business of the SIA
- If the Head of the Home Office Sponsorship Unit and the Chief Executive of the SIA agree a review is required

The review should be undertaken jointly by the SIA and the Home Office and any resulting document published to replace this version.

**Pay and conditions of service**

In the event that there is no successor organisation, the assets and liabilities should revert to the Home Office. To this end, the Home Office shall:

- Ensure that procedures are in place in the SIA to gain independent assurance on key transactions, financial commitments, cash flows and other information needed to handle the wind-up effectively and to maintain the momentum of work inherited by any residuary body;

- Specify the basis for the valuation and accounting treatment of the SIA’s assets and liabilities;

- Ensure that arrangements are in place to prepare closing accounts and pass to the C&AG for external audit, and that, funds are in place to pay for such audits. It shall be for the C&AG to lay the final accounts in Parliament, together with their report on the accounts;

- Arrange for the most appropriate person to sign the closing accounts. In the event that another ALB takes on the role, responsibilities, assets and liabilities, the succeeding ALB Accounting Officer should sign the closing accounts. In the event that the department inherits the role, responsibilities, assets and liabilities, the Home Office’s Accounting Officer should sign.
